The survey will collect information on respondents' experiences with their primary bank or credit union. Comments are due **09/25/2023**. The notice may be viewed at:

FRB Issues Proposed Rule on Risk-Based Capital Surcharges for GSIBs.

FRB seeks comment regarding a proposed rule to amend the rule that identifies and establishes risk-based capital surcharges for global systemically important bank holding companies (GSIBs). The proposal would also amend the Systemic Risk Report (FR Y-15), which is the source of inputs to the implementation of the GSIB framework under the capital rule. The changes set forth in the proposed rule would improve the precision of the GSIB surcharge and better measure systemic risk under the framework. For certain systemic indicators currently measured only as of a single date, the proposed rule changes the reporting of the average of daily or monthly values to reduce the effects of temporary changes to indicator values around measurement dates. To improve risk capture, the proposed rule would improve the measurement of some systemic indicators used in the GSIB surcharge framework and the framework for determining

prudential standards for large banking organizations. In addition, the proposed rule would reduce cliff effects and enhance the sensitivity of the surcharge to changes in the method 2 score by calculating surcharges based on narrower score band ranges. Finally, the proposed rule would make several amendments to the FR Y-15 to improve the consistency of data reporting and systemic indicator measurement. Comments are due **11/30/2023**. The proposed rule may be viewed at:

IRS seeks comment regarding an information collection titled, Guidance under Section 529A: Qualified ABLE Programs. CFTC Proposes to Amend Swap Execution Facility Regulations.

The Commodity Futures Trading Commission (CFTC) issued a proposed rule to amend its swap execution facility (SEF) regulations related to uncleared swap confirmations, as well as associated technical and conforming changes. The Dodd-Frank Act amended the Commodity Exchange Act (CEA) by adding section 5h, which establishes registration requirements and core principles for SEFs. CFTC implemented CEA section 5h by adopting part 37 of its regulations, which, among other things, sets forth operational requirements for SEFs and establishes various requirements for the trading of swaps on SEFs. During the implementation of part 37, SEFs informed CFTC that the confirmation requirement for uncleared swaps was operationally and technologically difficult and impractical to implement. CFTC has proposed amendments to address the challenges raised. Comments are due **10/24/2023**. The proposed rule may be viewed at: <https://www.govinfo.gov/content/pkg/FR-2023-08-25/pdf/2023-17747.pdf>. *Federal Register*, Vol. 88, No. 164, 08/25/2023, 58145-58157.

CFTC Proposes to Amend Provisions Common to Registered Entities.

CFTC issued a proposed rule to amend regulations under the Commodity Exchange Act (CEA) that govern how registered entities submit self-certifications, and requests for approval, of rules, rule amendments, and new products for trading and clearing, as well as CFTC's review and processing of such submissions. The proposed amendments are intended to clarify, simplify, and enhance the utility of the regulations for market participants and CFTC. Comments are due **11/06/2023**. SEC Adjusts Registration Fee Rates.

The Securities and Exchange Commission (SEC) issued an order to make fiscal year (FY) 2024 annual adjustments to registration fee rates. SEC collects fees under various provisions of the securities laws, including: (a) section 6(b) of the Securities Act which requires SEC to collect fees from issuers on the registration of securities; (b) section 13(e) of the Securities Exchange Act which requires SEC to collect fees on specified repurchases of securities; and (c) section 14(g) of the Exchange Act which requires SEC to collect fees on specified proxy solicitations and statements in corporate control transactions. The provisions also require SEC to make annual adjustments to the applicable fee rates. See the order for the specific adjustments for FY 2024. The order may be viewed at: <https://www.govinfo.gov/content/pkg/FR-2023-08-30/pdf/2023-18723.pdf>. *Federal Register*, Vol. 88, No. 167, 08/30/2023, 59953-59957.

SEC Issues Exemption for Certain Exchange Members.

SEC issued a final rule to adopt amendments to a rule under the Securities Exchange Act that exempts certain SEC-registered brokers or dealers from membership in a registered national securities association (Association). The amendments replace rule provisions that provide an exemption for proprietary trading with narrower exemptions from Association membership for any registered broker or dealer that is a member of a national securities exchange, carries no customer accounts, and effects transactions in securities otherwise than on a national securities exchange of which it is a member. The amendments create exemptions for such a registered broker or dealer that effects securities transactions otherwise than on an exchange of which it is a member that result solely from orders that are routed by a national securities exchange of which it is a member to comply with order protection regulatory requirements, or are solely for the purpose of executing the stock leg of a stock-option order.

The final rule is effective **11/06/2023**. The final rule may be viewed at: <https://www.govinfo.gov/content/pkg/FR-2023-09-07/pdf/2023-18658.pdf>. *Federal Register*, Vol. 88, No. 172, 09/07/2023, 61850-61893.

SEC Reopens Comment Period for Advisory Client Assets Proposal.

SEC reopened the comment period for its proposed rule regarding safeguarding advisory client assets.

The proposed new rule would redesignate and amend the current custody rule. In light of the adoption of the private fund adviser audit rule, which generally requires a registered investment adviser to obtain an annual financial statement audit of each private fund it advises in accordance with the audit provision of the current custody rule, SEC has reopened the comment period for the advisory clients assets proposal to allow additional time to assess the proposed amendments to the current custody rule's audit provision. Comments are due **10/30/2023**. DOL Issues Proposed Rule to Revise Exemptions From Minimum Wage and Overtime Pay Requirements for Certain Employees.

The Department of Labor (DOL) issued a proposed rule to update and revise the regulations issued under the Fair Labor Standards Act which implement the exemptions from minimum wage and overtime pay requirements for executive, administrative, professional, outside sales, and computer employees. Significant proposed revisions include increasing the standard salary level to the 35th percentile of weekly earnings of full-time salaried workers in the lowest-wage Census Region (currently the South) \$1,059 per week (\$55,068 annually for a full-year worker) and increasing the highly compensated employee total annual compensation threshold to the annualized weekly earnings of the 85th percentile of fulltime salaried workers nationally (\$143,988). DOL has also proposed to add to the regulations an automatic updating mechanism that would allow for the timely and efficient updating of all the earnings thresholds. Comments are due **11/07/2023**.
