### **Agencies Modify Enhanced Supplemental Leverage Ratio Standards.**

The Board of Governors of the Federal Reserve System (FRB), Federal Deposit Insurance Corporation (FDIC), and Office of the Comptroller of the Currency (OCC) (collectively, the agencies) issued a final rule to modify the enhanced supplementary leverage ratio standards applicable to U.S. bank holding companies identified as global systemically important bank holding companies (GSIBs), their subsidiary depository institutions that are FRB- or FDIC-regulated, and national banks and Federal savings associations that are subsidiaries of a U.S. top-tier bank holding company with total consolidated assets of more than \$700 billion or assets under custody of more than \$10 trillion. FRB has also finalized conforming amendments to its total loss-absorbing capacity and long-term debt requirements. In addition, FRB has made conforming amendments to relevant regulatory reporting forms, and FRB and FDIC have made final certain technical corrections to the capital rule and the prompt corrective action framework. Banking organizations subject to the final rule may elect to early adopt the final rule as of **01/01/2026**. The final rule is

effective **04/01/2026**. The final rule may be viewed at:

### **Agencies Propose Revisions to CBLR Framework.**

The Board of Governors of the Federal Reserve System (FRB), Federal Deposit Insurance Corporation (FDIC), and Office of the Comptroller of the Currency (OCC) (collectively, the agencies) seek comment regarding a proposed rule that would lower the community bank leverage ratio (CBLR) requirement for certain depository institutions and depository institution holding companies from 9 percent to 8 percent. The proposed rule would also extend the length of time that depository institutions or depository institution holding companies can remain in the CBLR framework while not meeting all of

the qualifying criteria for the CBLR framework from two quarters to four quarters, subject to a limit of eight quarters in any five-year period.

### **FRB Issues Final Rules to Amend Regulations A and D.**

- The Board of Governors of the Federal Reserve System (FRB) issued a final rule to adopt amendments to its Regulation A to reflect FRB's approval of a decrease in the rate for primary credit at each Federal Reserve Bank. The secondary credit rate at each Reserve Bank automatically decreased by formula as a result of FRB's primary credit rate action. On **10/29/2025**, FRB voted to approve a 0.25 percentage point decrease in the primary credit rate, thereby decreasing the primary credit rate from **4.25** percent to **4.00** percent. In addition, FRB had previously approved the renewal of the secondary credit rate formula, the primary credit rate plus 50 basis points. Under the formula, the secondary credit rate decreased by 0.25 percentage points as a result of FRB's primary credit rate action, thereby decreasing the secondary credit rate from **4.75** percent to **4.50** percent. The amendments to Regulation A reflect these rate changes. The final rule is effective **11/14/2025**. The final rule may be viewed at:

<https://www.govinfo.gov/content/pkg/FR-2025-11-14/pdf/2025-19888.pdf>.

*Federal Register*, Vol. 90, No. 218, 11/14/2025, 51017-51018.

- FRB issued a final rule to adopt amendments to its Regulation D to revise the rate of interest paid on balances (IORB) maintained at Federal Reserve Banks by or on behalf of eligible institutions. The final amendments specify that IORB is **3.90** percent, a 0.25 percentage point decrease from its prior level. The amendment is intended to enhance the role of IORB in maintaining the federal funds rate in the target range established by the Federal Open Market Committee. The final rule is effective **11/14/2025**. The final rule may be viewed at:  
<https://www.govinfo.gov/content/pkg/FR-2025-11-14/pdf/2025-19889.pdf>.  
*Federal Register*, Vol. 90, No. 218, 11/14/2025, 51018-51019.
- FRB issued a final rule to amend Regulation D, Reserve Requirements of Depository Institutions, to reflect the annual indexing of the reserve requirement exemption amount and the low reserve tranche for 2026. The annual indexation of these amounts is required notwithstanding FRB's action in March 2020 of setting all reserve requirement ratios to zero. FRB has amended Regulation D to set the reserve requirement exemption amount at \$39.2 million (increased from \$37.8 million in 2025) and the amount of the low reserve tranche at \$674.1 million (increased from \$645.8 million in 2025). The adjustments to both of the amounts are derived using statutory formulas specified in the

Federal Reserve Act. The annual indexation of the reserve requirement exemption amount and low reserve tranche is required by statute but will not affect depository institutions' reserve requirements, which will remain zero. The final rule is effective **12/24/2025**. The new exemption amount and low reserve tranche will apply beginning **01/01/2026**. The final rule may be viewed at: <https://www.govinfo.gov/content/pkg/FR-2025-11-24/pdf/2025-20744.pdf>. *Federal Register*, Vol. 90, No. 224, 11/24/2025, 52849-52851.

### **FRB Adjusts Federal Reserve Bank Capital Stock Dividend Threshold.**

FRB issued a final rule that applies an inflation adjustment to the threshold for total consolidated assets in Regulation I. Federal Reserve Bank (Reserve Bank) stockholders that have total consolidated assets above the threshold receive a different dividend rate on their Reserve Bank stock than stockholders with total consolidated assets at or below the threshold. The Federal Reserve Act requires that FRB annually adjust the total consolidated asset threshold to reflect the change in the Gross Domestic Product Price Index, published by the Bureau of Economic Analysis. Based on the change in the Gross Domestic Product Price Index as of **09/25/2025**, the total consolidated asset threshold will be \$13,182,000,000 through **12/31/2026**. The final rule is effective **12/22/2025**. The adjusted threshold for total consolidated assets will apply beginning on **01/01/2026**. The final rule may be viewed at:

### **FRB Revises LFI Rating System and Framework for Supervision of Insurance Organizations.**

FRB issued a final notice to revise its Large Financial Institution (LFI) rating system (LFI Framework) and the rating system for depository institution holding companies significantly engaged in insurance activities (Insurance Supervisory Framework, together with the LFI Framework, Frameworks) to more appropriately identify as "well managed" firms that have sufficient financial and operational strength and resilience to maintain safe and sound operations through a range of conditions, including stressful ones. The final notice also replaces the presumption in the Frameworks that firms with one or more Deficient-1 component ratings will be subject to a formal or informal enforcement action with a statement that such firms may be subject to a formal or informal enforcement action, depending on particular facts and circumstances. The final notice also removes a reference to reputational risk in the Insurance Supervisory Framework. The final notice is effective **01/16/2026**. The final notice may be viewed at: <https://www.govinfo.gov/content/pkg/FR-2025-11-17/pdf/2025-19945.pdf>. *Federal Register*, Vol. 90, No. 219, 11/17/2025, 51329-51354.

#### **FRB Expands Fedwire® Funds Service and NSS Hours.**

FRB announced that the Federal Reserve Banks (Reserve Banks) will expand the operating hours for the Fedwire Funds Service to 22 hours per day, 6 days per week, operating Sunday through Friday, including weekday holidays (22x6). FRB also announced a corresponding expansion of the National Settlement Service's (NSS) operating hours to 21.5 hours per day, 6 days per week, operating Sunday through Friday, including weekday holidays, with NSS closing 30 minutes earlier than the Fedwire Funds Service. FRB expects the Reserve Banks to implement the expansion in 2028 or 2029 to ensure technological, operational, and industry readiness. FRB will monitor industry demand and will stand ready to offer an additional expansion up to 22x7x365 no sooner than two years after the Reserve Banks implement 22x6 operations. If FRB does propose to expand operating hours beyond 22x6, it will seek comment in a separate proposal. ### **FRB Issues Proposed Rule on Supervisory Stress Test Models and Testing Framework.**

FRB seeks comment on the models used to conduct its supervisory stress test, changes to the models to be implemented in the 2026 stress test, and proposed changes to enhance the transparency and public accountability of FRB's stress testing framework. The proposal would amend the Policy Statement on the Scenario Design Framework for Stress Testing, including to implement guides for additional scenario variables, and the Stress Testing Policy Statement. The proposal would also codify an enhanced disclosure process under which FRB would annually publish comprehensive documentation on the stress test models, invite comment on any material changes that FRB seeks to make to the models, and annually publish the stress test scenarios for comment. Lastly, the proposal would make changes to the FR Y-14A/Q/M to remove items that are no longer needed to conduct the supervisory stress test and to collect additional data to support the stress test models and improve risk capture. FRB also issued a notice to extend the original comment period of **01/22/2026** to **02/21/2026**. Comments are due **02/21/2026**. The

proposed rule may be viewed at: <https://www.govinfo.gov/content/pkg/FR-2025-11-18/pdf/2025-20211.pdf>. *Federal Register*, Vol. 90, No. 220, 11/18/2025, 51856-51953. ### **FRB Seeks Comment on Branch Closure Notice.**

FRB seeks comment regarding an information collection titled, Notice of Branch Closure. The reporting, recordkeeping, and disclosure requirements regarding the closing of any branch of an insured depository institution (IDI) are contained in section 42 of the Federal Deposit Insurance Act, as supplemented by an interagency policy statement on branch closings. FRB uses the information collection to fulfill its statutory obligation to supervise state member banks. Each IDI must adopt a policy regarding the closing of its branches. When a branch is scheduled for closing, the IDI must notify both its appropriate regulator and its customers of the proposed closure. Comments are due **01/16/2026**. ### **FRB Requests Information on Future of Check Services.**

FRB requests information related to the future of its check services. FRB will use responses to the request for information

(RFI) to assess possible strategies for the future of FRB's check services, including potentially substantial changes that may have longer run effects on the payments system. In addition, FRB will use responses to the RFI to analyze other actions that FRB could consider with respect to checks, in partnership with the industry, to support the overall safety and efficiency of the payments system. Comments are due **03/09/2026**. The notice may be viewed at: <https://www.govinfo.gov/content/pkg/FR-2025-12-09/pdf/2025-22272.pdf>. *Federal Register*, Vol. 90, No. 234, 12/09/2025, 57062-57067.

### **FDIC Delays Compliance Date for Portions of Official Signage Rule.**

The Federal Deposit Insurance Corporation (FDIC) issued a final rule to postpone the mandatory compliance date. On **12/20/2023**, FDIC adopted a final rule that, among other things, amended its official sign and advertisement of membership requirements for insured depository institutions (IDIs). The current compliance date for requirements related to displaying the official digital sign on IDIs' digital deposit-taking channels and automated teller machines (ATMs) and like devices is **03/01/2026**. FDIC has delayed the **03/01/2026**, compliance date to **01/01/2027**. The compliance date for the requirements in 12 CFR 328.4 and 328.5 is delayed to **01/01/2027**. The final rule may be viewed at: <https://www.govinfo.gov/content/pkg/FR-2025-11-28/pdf/2025-21461.pdf>. *Federal Register*, Vol. 90, No. 227, 11/28/2025, 54544-54545.

### **FDIC Adjusts and Indexes Certain Regulatory Thresholds.**

FDIC issued a final rule to amend certain thresholds in its regulations to reflect inflation. Specifically, the final rule generally updates such thresholds to reflect inflation from the date of initial implementation or the most recent adjustment and provides for future adjustments pursuant to an indexing methodology. The changes set forth in the final rule preserve the level of certain thresholds set forth in FDIC's regulations in real terms, thereby avoiding the undesirable and unintended outcome where the scope of applicability for a regulatory requirement changes due solely to inflation rather than actual changes in an institution's size, risk profile, or level of complexity. The final rule is effective **01/01/2026**. An insured depository institution (IDI) need not comply with the applicable 12 CFR part 363 requirements in effect as of **12/31/2025**, if the IDI will not be subject to 12 CFR part 363 requirements under the updated thresholds in effect as of **01/01/2026**, as specified in the final rule. The final rule may be viewed at: <https://www.govinfo.gov/content/pkg/FR-2025-12-04/pdf/2025-21914.pdf>. *Federal Register*, Vol. 90, No. 231, 12/04/2025, 55789-55812.

### **FDIC Announces 2026 Designated Reserve Ratio.**

FDIC announced the Designated Reserve Ratio (DRR) for 2026. Pursuant to the Federal Deposit Insurance Act, FDIC designates that the DRR for the Deposit Insurance Fund shall remain at 2 percent for 2026. The notice may be viewed at: <https://www.govinfo.gov/content/pkg/FR>

### **FDIC Seeks Comment on Information Collections.**

FDIC seeks comments on four information collections titled: Home Mortgage Disclosure Act; Management Official Interlocks; Funding and Liquidity Risk Management; and Appraisals for Higher-Priced Mortgage Loans. The collections are used as described in the notice. Comments are due **02/09/2026**. ### **OCC Proposes Amendments to Community Bank Licensing.**

The Office of the Comptroller of the Currency (OCC) issued a proposed rule to amend its rules to simplify licensing requirements for corporate activities and transactions involving national banks and Federal savings associations that have less than \$30 billion in total assets and satisfy certain conditions. The proposed rule is intended to reduce burden. Comments are due **01/20/2026**. The proposed rule may be viewed at: [https://www.govinfo.gov/content/pkg/FR-2025-11-18/pdf/2025-20204.pdf](#). *Federal Register*, Vol. 90, No. 220, 11/18/2025, 51577-51583.

### **OCC Proposes to Rescind Fair Housing Home Loan Data System.**

OCC issued a proposed rule to rescind its Fair Housing Home Loan Data System

regulation codified at 12 CFR part 27. OCC has determined that the regulation is obsolete and largely duplicative of and inconsistent with other legal authorities that require national banks to collect and retain certain information on applications for home loans. Moreover, part 27 imposes asymmetrical data collection requirements on national banks compared to their other depository institution counterparts, and the data collected has limited utility. Comments are due **12/18/2025**. The proposed rule may be viewed at: [https://www.govinfo.gov/content/pkg/FR-2025-11-18/pdf/2025-20202.pdf](#). *Federal Register*, Vol. 90, No. 220, 11/18/2025, 51583-51587.

### **OCC Proposes to Rescind Recovery Planning Guidelines.**

OCC issued a proposed rule to amend 12 CFR part 30 by rescinding appendix E, OCC Guidelines Establishing Standards for Recovery Planning by Certain Large Insured National Banks, Insured Federal Savings, and Insured Federal Branches. The guidelines cause covered banks to direct significant resources towards developing responsive documentation. OCC believes existing safety and soundness standards require all banks to have effective risk management processes, including in times of stress, that is commensurate with the size, complexity, and risk of their activities. Comments are due **12/18/2025**. The proposed rule may be viewed at: [https://www.govinfo.gov/content/pkg/FR-2025-11-18/pdf/2025-20199.pdf](#). *Federal Register*, Vol. 90, No. 220, 11/18/2025, 51587-51590.

## **OCC Seeks Information on Core Service Providers and Other Essential Third-Party Service Providers.**

OCC issued a request for information (ROI) on community bank engagement with their core service providers and other essential third-party service providers. OCC seeks to better understand how challenges community banks face with such service providers affect banks' abilities to remain competitive in a rapidly evolving marketplace, as well as what actions OCC can take to address any of the challenges. Comments are due

**01/27/2026.** The ROI may be viewed at: <https://www.govinfo.gov/content/pkg/FR-2025-11-28/pdf/2025-21333.pdf>. *Federal Register*, Vol. 90, No. 227, 11/28/2025, 54882-54886.

Twelve CFR part 31.2 requires national banks, Federal savings associations, and their insiders to comply with Regulation O, and 12 CFR 31.3 requires national banks and Federal savings associations to comply with Regulation W. Section 31.3(c) implements the statutory standards for authorizing an exemption from section 23A of the FRA or section 11 of the Homeowners' Loan Act (HOLA) in accordance with the Dodd Frank Act. SBA has modified paragraph (d) of 13 CFR 107.1130 to clarify that SBA may calculate annual charges based on the type of debentures issued. The annual charge rates by type of debenture are designed to be fiscally neutral in the aggregate, offsetting reductions and increases across licensee categories without increasing total program cost and keep the SBIC program budget neutral in line with the overall rate and components of the subsidy rate as calculated and reported annually in the Federal Credit Supplement. The direct final rule is effective **01/20/2026**, unless significant adverse comment is received no later than **01/05/2026**. If significant adverse comment is received, SBA will publish a timely withdrawal of the rule in the *Federal Register*. The direct final rule may be viewed at:

### **FCA Issues Propose Rule on Loan Performance Categories and Financial Reporting.**

The Farm Credit Administration (FCA) issued a proposed rule to amend its regulatory high risk loan performance categories by removing "formally restructured loans (TDR)," also known as troubled debt restructurings. In 2022, changes in generally accepted accounting principles (GAAP) eliminated the accounting guidance for TDRs, enhanced disclosure requirements for certain loan refinancings and restructurings undertaken when a borrower is experiencing financial difficulty and changed existing vintage year disclosure requirements for public business entities. FCA proposes removing TDRs from its regulatory loan performance categories to reflect changes in GAAP. Further, FCA seeks comments on its determination that no regulatory changes are needed for the enhanced disclosures related to loan refinancings and restructurings or the amended vintage year disclosure requirements, as the disclosures are already required under applicable GAAP. Additionally, comments are requested on retaining the "90 days past due still accruing interest" loan performance category. Comments are due

In addition, the changes include removing buy-up coverage for prevented planting in the crop insurance program. The changes will be effective for the 2026 and succeeding crop years for crops with a contract change date on or after **11/30/2025**.
