CFPB Updates Supervisory Designation Proceedings Procedures.

The Bureau of Consumer Financial Protection (CFPB) issued a final rule to rescind the amendments adopted in April 2022, November 2022, and April 2024, to the Procedures for Supervisory Designation Proceedings, with the exception of some limited process adjustments. In 2013, CFPB issued procedures to govern the supervisory designation proceedings. Under the 2013 rule, information regarding the proceedings was treated as confidential

supervisory information and not publicly disclosed. In April 2022, November 2022, and April 2024, CFPB issued a series of rules that amended the 2013 rule. Most significantly, the new rules enabled the Director to publicly release the Director's final decisions and orders designating respondents for supervision. CFPB also removed the role of the Associate Director of Division of Supervision, Enforcement, and Fair Lending from the process, citing an internal reorganization that abolished that position, and instead specified that the Director would preside over the proceeding without receiving a recommended determination. In May 2025, CFPB issued a proposed rule on rescinding the 2022-2024 rules and restoring the 2013 rule. CFPB has decided to rescind the 2022-2024 rules, except has retained some limited process adjustments that were contained in the 2024 rule. The final rule is effective **10/27/2025**. The final rule may be viewed at:

<https://www.govinfo.gov/content/pkg/FR-2025-09-25/pdf/2025-18622.pdf>. *Federal Register*, Vol. 90, No. 184, 09/25/2025, 46036-46045.

CFPB Extends Section 1071 Compliance Dates.

CFPB finalized its **06/18/2025** interim final rule that amended Regulation B to extend the compliance dates set forth in its 2023 small business lending rule (Section 1071), as amended by a 2024 interim final rule, and to make other date-related confirming adjustments. The final rule also corrects two typographical errors in the official commentary identified by commenters. The final rule is effective **12/01/2025**. The final rule may be viewed at:

FRB Amends Regulations A and D.

- The Board of Governors of the Federal Reserve System (FRB) issued a final rule to adopt amendments to Regulation A to reflect FRB's approval of a decrease in the rate for primary credit at each Federal Reserve Bank. The secondary credit rate at each Reserve Bank automatically decreased by formula as a result of FRB's primary credit rate action. On **09/17/2025**, FRB voted to approve a 0.25 percentage point decrease in the primary credit rate, thereby decreasing the primary credit rate from **4.50** percent to **4.25** percent. In addition, FRB had previously approved the renewal of the secondary credit rate formula, the primary credit rate plus 50 basis points. Under the formula, the secondary credit rate decreased by 0.25 percentage points as a result of FRB's primary credit rate action, thereby decreasing the secondary credit rate from **5.00** percent to **4.75** percent. The amendments to Regulation A reflect the rate changes. The final rule is effective **10/02/2025**. The rate changes for primary and secondary credit were applicable **09/18/2025**. The final rule may be viewed at:

<https://www.govinfo.gov/content/pkg/FR-2025-10-02/pdf/2025-19303.pdf>. *Federal Register*, Vol. 90, No. 189, 10/02/2025, 47512-47513.

- FRB issued a final rule to adopt amendments to Regulation D to revise

the rate of interest paid on balances (IORB) maintained at Federal Reserve Banks by or on behalf of eligible institutions. The final amendments specify that IORB is **4.15** percent, a 0.25 percentage point decrease from its prior level. The amendment is intended to enhance the role of IORB in maintaining the federal funds rate in the target range established by the Federal Open Market Committee (FOMC). The final rule is effective **10/02/2025**. The IORB rate change was applicable **09/18/2025**. The final rule may be viewed at: <https://www.govinfo.gov/content/pkg/FR-2025-10-02/pdf/2025-19304.pdf>. *Federal Register*, Vol. 90, No. 189, 10/02/2025, 47513-47514.

FRB Announces Final Approval of Discount Window Information Collection.

FRB announced final approval of an information collection titled, Selected Balance Sheet Items for Discount Window Borrowers. FRB's Regulation A, Extensions of Credit by Federal Reserve Banks, states that a Reserve Bank shall require any information it believes appropriate or desirable to ensure that each discount window borrower uses the credit provided in a manner consistent with Regulation A. The regulation also requires that each Reserve Bank keep itself informed of the general character and amount of loans and investments of a depository institution. Balance sheet data are collected from certain institutions that borrow from the discount window in order to monitor discount window borrowing. In March 2025, FRB proposed revisions to remove the information collection reporting exemption for seasonable credit

borrowers. Revisions will be implemented as proposed. The revisions are effective **10/29/2025**. The notice may be viewed at:

<https://www.govinfo.gov/content/pkg/FR-2025-09-29/pdf/2025-18874.pdf>. *Federal Register*, Vol. 90, No. 186, 09/29/2025, 46598-46599.

FRB Seeks Comment on Information Collections.

- FRB seeks comment regarding an information collection titled, Report of Net Debit Cap and Max Cap Resolution. The report comprises three resolutions, which are filed by a depository institution's board of directors depending on its needs. Federal Reserve Banks collect the data annually to provide information that is essential for their administration of FRB's Payment System Risk (PSR) policy. FRB proposes to revise the collection to take into account existing recordkeeping provisions in the PSR policy that have not been included previously. Comments are due **11/28/2025**. The notice may be viewed at: <https://www.govinfo.gov/content/pkg/FR-2025-09-29/pdf/2025-18876.pdf>. *Federal Register*, Vol. 90, No. 186, 09/29/2025, 46596-46567.
- FRB seeks comment regarding an information collection titled, Annual Daylight Overdraft Capital Report for U.S. Branches and Agencies of Foreign Banks. The information collection is required for foreign banking organizations (FBOs) that wish to, and are eligible to, establish a non-zero net debit cap for their U.S. branches and agencies under the Federal Reserve

Policy on Payment System Risk (PSR policy). FRB proposes changes to the information collection to help clarify ambiguities, and requests additional data fields that will assist FRB with verifying information submitted by FBOs. In addition to electronic submission via electronic communication, FBOs will be permitted to submit the information through Reporting Central, a platform used for submission of other FRB reports. The proposed revisions are intended to be effective March 2026. Comments are due **11/28/2025**. FDIC Seeks Comment on Cost of AML/CFT Compliance Survey.

The Federal Deposit Insurance Corporation (FDIC) seeks comment regarding an information collection titled, Cost of AML/CFT Compliance Survey. The information collection seeks information on Bank Secrecy Act/Countering the Financing of Terrorism (BSA/CFT) compliance costs and related topics via survey. The purpose of the voluntary survey is to better understand the cost of anti-money laundering/CFT (AML/CFT) compliance for FDIC-supervised insured depository institutions. The information gathered will help assess the cumulative impact of BSA/CFT regulations and may inform efforts to adjust regulatory obligations in accordance with safety and soundness principles and advance deregulatory proposals consistent with the executive orders of the Trump administration. The data may also support

the development of deregulatory rulemakings or guidance to reduce compliance burden without compromising the effectiveness of current AML/CFT frameworks. Comments are due **11/12/2025**. The notice may be viewed at: <https://www.govinfo.gov/content/pkg/FR-2025-09-12/pdf/2025-17593.pdf>. *Federal Register*, Vol. 90, No. 175, 09/12/2025, 44191.

CFTC Withdraws Proposed Rules and Guidance.

- The Commodity Futures Trading Commission (CFTC) announced the formal withdrawal of a proposed rule published **01/24/2024**, titled Operational Resilience Framework for Futures Commission Merchants, Swap Dealers, and Major Swap Participants. CFTC does not intend to issue final rules with respect to the proposal. The withdrawal is effective **09/08/2025**. The notice may be viewed at: <https://www.govinfo.gov/content/pkg/FR-2025-09-11/pdf/2025-17555.pdf>. *Federal Register*, Vol. 90, No. 174, 09/11/2025, 43949-43950.

- CFTC announced the withdrawal of final guidance published **10/15/2025**, titled CFTC Guidance Regarding the Listing of Voluntary Carbon Credit (VCC) Derivative Contracts. After careful review, CFTC believes that the VCC Guidance provides limited value to designated contract markets (DCMs) when listing VCC derivatives contracts. The VCC Guidance, which is explicitly non-binding, does not create new compliance obligations or product listing standards for DCMs. As such, the VCC Guidance has not provided DCMs with any new regulatory structure or standards that resulted in the advancement of market transparency or liquidity for VCC derivatives contracts. The withdrawal is effective **09/10/2025**. The notice of withdrawal may be viewed at: <https://www.govinfo.gov/content/pkg/FR-2025-09-15/pdf/2025-17793.pdf>. *Federal Register*, Vol. 90, No. 176, 09/15/2025, 44321-44322.
- CFTC announced the formal withdrawal of a proposed rule published **03/19/2024**, titled Requirements for Designated Contract Markets and Swap Execution Facilities Regarding Governance and the Mitigation of Conflicts of Interest Impacting Market Regulation Functions. CFTC has withdrawn the proposal to reconsider how the proposed rule would work given recent changes to the industry and evolving market structures. Many swap execution facilities and designated contract markets are part of larger corporate organizations that have already implemented governance standards and requirements for conflicts of interest that would also

apply to market regulation functions. Thus, CFTC no longer intends to issue final rules with respect to the proposal. The withdrawal is effective **09/15/2025**. The proposed amendments would also make certain other changes discussed in the proposed rule. The proposed amendments, if adopted, would supersede certain no-action positions issued by CFTC's Market Participants Division. Comments are due **10/24/2025**. The proposed rule may be viewed at: <https://www.govinfo.gov/content/pkg/FR-2025-09-30/pdf/2025-18924.pdf>. *Federal Register*, Vol. 90, No. 187, 09/30/2025, 47136-47168.

SEC Issues Policy Statement on Acceleration of Effectiveness of Certain Registration Statements.

SEC issued a policy statement to inform the public that the presence of a provision requiring arbitration of investor claims arising under the Federal securities laws will not impact decisions regarding whether to accelerate the effectiveness of a registration statement. Accordingly, when making such decisions, SEC will focus on the adequacy of the registration statement's disclosures, including disclosure regarding the arbitration provision. The policy statement is effective **09/19/2025**. The policy statement may be viewed at:
