What is FS-ISAC and How Can it Help Your Organization?

In today's threat landscape, cybersecurity is a team sport. FS-ISAC is the trusted community where the financial sector shares intelligence and knowledge, and practices responding to incidents as a collective.

FS-ISAC is the only global cyber intelligence sharing community solely focused on financial services. Serving financial institutions and in turn their customers, the organization leverages its intelligence platform, resiliency resources, and a trusted peer-to-peer network of experts to anticipate, mitigate, and respond to cyber threats. Headquartered in the US, the organization has offices in the UK and Singapore. Member financial institutions represent over \$35 trillion in assets under management, with 15,000 users in more than 70 countries.
